

Appendix J

Tentative Construction Programme

ID	Activities	May 2003							June 2003							July 2003																											
		30	03	06	09	12	15	18	21	24	27	30	02	05	08	11	14	17	20	23	26	29	02	05	08	11	14	17	20	23	26	29											
1	Reclamation Works																																										
2	Vertical Seawall																																										
3	Type 2 Rock																																										
4	Sloping Seawall																																										
5	Type 3 Rock																																										
6	Deep Compaction																																										
7	Surcharge Piling																																										
8	Seawall Coping																																										
9																																											
10	Bridge Construction																																										
11	Bored Pile Construction																																										
12	Retaining Wall & Pile Cap 1 & 3																																										
13	Pile Cap 2																																										
14	Pile Cap 4																																										
15	Bridge Deck Construction																																										
16	Pile Head Trimming																																										
17																																											
18	CW Intake & Outfall (Remaining Portion)																																										
19	No.4 CW Intake																																										
20	No.3 CW Outfall																																										
21	No.4 CW Outfall																																										
Lamma Power Station Extension - Site Formation 3-Month Programme		Scheduled Activity																																									
		Page 1																																									
		Revision: -																																									

ID	Task Name	Duration	Start	Finish	May					June				July
